Improve Your Market Positioning — Reduce Your Carbon Footprint!

Guest Speaker:

Dr TIM MOORE, Managing Director, Balance Carbon Pty Ltd

Tim has been involved in environmental management and policy advisory for over 10 years. He has conducted GHG audits for a variety of large clients, including those in the mining industry, retail sector and agriculture and aquaculture industries. Current clients include Australian Wool Innovation, Australian Bight Abalone, Clean Seas Tuna, the SA EPA, SA Water and the McLaren Vale Grape Wine & Tourism Association. Some of Tim's current work includes policy advisory for Natural Resource Management Boards for ways to best be involved in the low carbon economy, including offset opportunities.

By attending this event you will:

- **Learn how reducing carbon impact can pay off for your business**
- **Get an update on the recent carbon emissions legislation**
- **Get a chance to win a Christmas Hamper**
